

**EXECUTIVE DIRECTOR** – The Bordentown Sewerage Authority seeks candidates for the position of Executive Director. The Authority provides sanitary sewer collection and treatment services within Bordentown City and Bordentown Township (Burlington County) New Jersey. The Authority serves approximately 6,500 customers and operates 60 miles of sewer mains, 15 pumping stations and an advanced wastewater treatment plant having a capacity of 3.0 mgd. The successful candidate will be responsible for the overall management of the Authority, which has 16 employees and an annual operating budget, including debt service, of \$5.0 million. Candidate must have substantial experience with the operation and management of comparable public wastewater collection and treatment facilities and possess both S-4 and C-4 licenses. Candidate must have experience managing finances and personnel and preparing and administering budgets and capital improvement programs; must possess the management skills and experience necessary to direct both the administrative and technical operations of the Authority; must have good communication skills and a demonstrated ability to interface with the public; and must have an in-depth knowledge of USEPA and NJDEP sewage and sludge regulations. Candidates must possess a minimum of a Bachelors Degree from an accredited college. Salary is negotiable. It is the intent of the Authority to fill this position effective July 1, 2010, with a start date of employment several weeks earlier. Please submit resume (seven copies) in an envelope marked “confidential” to Ronald L. Marino, Chairman, The Bordentown Sewerage Authority, 954 Farnsworth Avenue, Bordentown NJ 08505. The Authority is an equal opportunity employer.
